SUMMARY

I am a passionate and constantly driven Computer Science Engineering undergraduate with a strong foundation in C++, Python, and frontend web development. I strive to contribute meaningfully to impactful projects while refining my skills in software development and design. Eager to join a dynamic organization, I am committed to continuous learning, teamwork, and delivering results that align with industry standards.

SKILLS

Programming Languages and DataBases: Python, C++, JavaScript, MySQL

Technologies and Frameworks: HTML, CSS, JavaScript, React.js, Bootstrap, Material-UI

Tools: Figma, Canva, Visual Studio Code (VS Code), Replit, Clickup, Git, GitHub, Postman

Core Concepts: Object-Oriented Programming (OOP), Database Management Systems (DBMS), Data Structures and Algorithms

Soft Skills: Communication, Problem-Solving, Adaptability, Team Collaboration

EDUCATION

Andhra University College of Engineering

2022 - 2026

B.Tech in Computer Science Engineering | CGPA: 8.47

WORK EXPERIENCE

Kalam Dream Labs, Visakhapatnam

Mar 2024 - Present

Web Developer Intern | [Link](#)

- Collaborated with a team to develop the frontend of the Kalam Dream Labs website using React and integrated it with a Laravel-based CMS via RESTful APIs, enabling dynamic content management.
- Contributed to a social enterprise initiative by delivering an intuitive, responsive, and accessible platform for students and professionals.

GirlScript Summer of Code

Oct 2024 - Nov 2024

Open Source Contributor

- Contributed to multiple open-source projects, focusing on adding new and enhancing existing features, fixing bugs, and improving project functionality.
- Ranked in the top 600 participants, earned the Champion badge, and achieved the Git Explorer level, demonstrating proficiency in version control and collaborative development.

PROJECTS

- Built an **AI Text Summarizer App** using a Hugging Face pre-trained model to generate concise and accurate summaries. | HTML | CSS | JavaScript | [Link](#)
- Developed an **SMS/Email Spam Detection App** with machine learning to classify and detect spam messages. | Python | [Link](#)

ADDITIONAL INFORMATION

Achievements:

- Secured 3rd position in Smart India Hackathon - Internal (2024).
- Recognized as Top Talent by The Talent Games' C-Factor gamified assessment, ranking in the top 25th percentile globally.

Certifications:

Postman API Fundamentals | Gen AI 101 (Pieces) | Frontend Developer (Infosys Springboard)

Activities:

- Volunteering in Vizag Volunteers Organization, contributing to community service.
- Core member at GDG AUCE on Campus.
- Actively contributed to event organization for GDG DevFest 2024, Vizag.

Languages: English, Telugu, Hindi
